

Fitter for the Future

Commissioning High Quality Cardiac
Rehabilitation Services

General information

- Our delegate packs are **green**
- Evaluation forms
- Housekeeping

Welcome

- Moving forward from last year's event
- Pan London approach to cardiac rehab
- Need to strengthen the position of cardiac rehab services across London
- Common approach to commissioning for outcomes for cardiac rehab
- Supported by Network leads for cardiac rehab

Aims of the day

- To improve knowledge of issues relating to the commissioning of cardiac rehab
- To support the development of a joined up approach between providers and commissioners
- To support action planning for the incoming tariff
 - Local
 - Network
 - Pan London

Your objectives

- To learn more about CR and best practice in London and beyond
- To understand how CR is moving forward
- To find out more about the tariff and commissioning
- How to work with and influence commissioners with regard to CR
- How to ensure quality in commissioning for CR

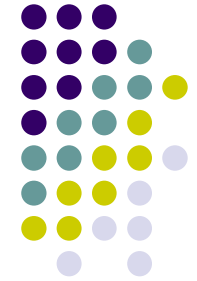

Where next?

- Ongoing work, supported by the London Networks
- An opportunity to use quality commissioning to strengthen the position of CR services
- A collaborative approach will reduce inequalities and promote quality in CR services across London
